

Friday 26th June 2026

Dear Parents and Carers,

Subject: Temporary Uniform Change Due to Hot Weather

I am writing to inform you that, in light of the hot weather forecast for the coming weeks, we have made the decision to temporarily adjust our uniform policy. This decision will be reviewed on a weekly basis. Our top priority is the comfort, health, and well-being of our students during this period of high temperatures.

Monday 29th June, all students (Yr 7 - 11) should attend school wearing their **CWS HRF uniform** in place of their academic uniform.

Year 12 students should still continue to wear business attire, however do not need to wear a tie, jumper, jacket and top buttons can be undone.

Important Health & Safety Reminders

To help students manage the heat, please ensure they come to school prepared each day with the following essentials:

- **Refillable Water Bottle:** Students will have access to water stations before school and at break and lunch and should ensure they are filling up their bottles during these times.
- **Sun Cream:** Please ensure sun cream is applied before arriving at school. Students may also bring a bottle to reapply during break times.

Next Steps and Review

We will keep this arrangement in place for the duration of the week. This decision will be formally reviewed on **Friday 3rd July**, and any updates or plans to revert back to standard school uniform expectations for the following week will be communicated to you before the weekend.

Thank you for your continued support and cooperation.

Headteacher
